Dear Parishioners,

*There are attempts by some in contemporary society to change the definition or understanding of what exactly constitutes marriage. Efforts to gain approval for and acceptance of same-sex unions as marriages are examples. While the Church clearly teaches that discrimination against any group of people is wrong, efforts to make cohabitation, domestic partnerships, same-sex unions, and polygamous unions equal to marriage are misguided and also wrong. The Church and her members need to continue to be a strong and clear voice in protecting an understanding of marriage, which is rooted in natural law and revealed in God's law.*
